

DURABLE MEDICAL EQUIPMENT

The office of Robert L. Potempa, D.P.M. purchases Durable Medical Equipment (DME), such as pre-fabricated orthotics, surgical shoes, aqua shields, cam-walkers, etc., for distribution on an as needed basis. **DME IS A COST TO OUR OFFICE, WHICH WE HAVE TO PASS ON TO OUR PATIENTS.**

We require payment at time of dispensing.

Surgical shoes may be obtained at the hospital/facility at a higher cost and a substandard quality. Aqua shields are not available through the hospital/facility.

I understand it is my responsibility to submit full payment to the office of Robert L. Potempa, D.P.M., for any DME distributed on my behalf.

If I request to have DME submitted to my insurance, I am responsible for the full billed amount, regardless of what insurance allows or pays, on date of dispensing.
